What's Included

Please ensure that you find these accessories with your GBTX-200 package.

- GBTX-200 Wireless Headphones
- USB-C Charging Cable
- 3.5mm AUX Cable
- User Manual

PRECAUTIONS

PLEASE READ THESE INSTRUCTIONS GIVEN IN THIS MANUAL AND THOSE MARKED ON THE UNIT

This set has been designed and manufactured to assure personal safety. Improper use can result in electric shock or fire hazard. The safeguards incorporated in this unit will protect you if you observe the following procedures for installation, use and servicing. This unit is fully transistorized and does not contain any parts that can be repaired by the user.

WARNINGS

Fire and Electric Shock Hazard

1. Do not place any open flame sources, such as lighted candles, on or near the apparatus.

2. Do not attempt to service the apparatus yourself.

3. Opening or removing covers may expose you to dangerous voltages or other hazards and will void the manufacturer's warranty.

4. To prevent risk of fire or electric shock, avoid overloading wall outlets, extension cords, or integral convenience receptacles.

5. Lightning storms Unplug this apparatus during lightning storms.

6. Object and liquid entry: Never insert objects of any kind through the openings of this apparatus, as it may touch dangerous voltage points or short-circuit parts that could result in a fire or electric shock. Care should be taken so that objects do not fall, and liquids are not spilled into the apparatus through openings in the enclosure.

FEATURES

Experience wireless freedom with the Gemini GBTX-200 Premium Bluetooth Headphones. Designed for everyday listening, these lightweight headphones deliver crisp audio, long-lasting battery life, and seamless call handling. With Bluetooth 5.4 and Environmental Noise Cancellation (ENC), you'll enjoy clear sound whether you're streaming music or taking calls on the go. The foldable design and AUX input make them perfect for travel, work, or casual listening.

LONG BATTERY LIFE

Enjoy up to 54 hours of wireless playback on a single charge—perfect for travel, work, and all-day listening without interruptions.

FAST CHARGING

Need a quick boost? Just 10 minutes of charging gives you up to 5 hours of playback so you're never stuck without your music.

ENC FOR CLEAR CALLS

Environmental Noise Cancellation ensures your voice comes through clearly during calls, even in noisy environments.

BLUETOOTH 5.4

Advanced Bluetooth 5.4 delivers a stable, low-latency connection with improved range and energy efficiency.

WIRED PLAYBACK OPTION

Switch to wired mode anytime using the built-in 3.5mm AUX input—ideal for non-Bluetooth devices or saving battery.

Whether you're commuting, working, or unwinding at home, the Gemini GBTX-200 headphones are built to keep up with your lifestyle. With a sleek foldable design, intuitive controls, and versatile playback options, they offer the perfect blend of performance and convenience. Stay connected, stay immersed, and enjoy your sound—your way.

PRODUCT OVERVIEW

1. LED Indicator
    - Red: Charging or low battery
    - Blue: Bluetooth connected or pairing

2. USB-C Port
    - For charging the headphones

3. AUX Audio Port
    - For wired listening via 3.5mm audio cable

4. (–) Button
    - Short press: Reduce volume
    - Long press: Previous song

5. Power / Multi-function Button
    - Press and hold: Power On/Off
    - Single press: Play/Pause, Answer/Hang up call
    - Double-click (Bluetooth connected): Call recent number

6. (+) Button
    - Short press: Increase volume
    - Long press: Next song

7. Microphone
    - Built-in mic for calls and voice commands

OPERATING INSTRUCTIONS

1. Bluetooth Pairing
   - Power On: Press and hold Button 5 until the headphones turn on.
   - Pairing: On your device, search for and connect to “GBTX-200” in the Bluetooth settings.

2. Music Controls
   - Volume Up:
     - Short press “+” button to increase volume.
     - One click to skip to the next track.

   - Answer/Hang Up Call: Short press the Play/Pause button.
   - Reject Call: One click the Play/Pause button.
   - Redial Last Number: Double-click the Play/Pause button when Bluetooth is connected.

TROUBLESHOOTING

Problem: Headphones won't turn on

- Make sure the battery is charged.
- Try using a different USB Type-C cable and charging source.

Problem: Bluetooth not connecting

- Ensure the headphones are in pairing mode (long press power button).
- Check that Bluetooth is enabled on your device.
- Remove "GBTX-200" from your device's paired list and try reconnecting.

Problem: No sound

- Confirm volume is turned up.
- Check if headphones are connected to the correct device.
- Try switching between Bluetooth and wired mode.

Problem: Buttons not responding

- Restart the headphones.

Problem: Poor call quality

- Make sure the microphone is not obstructed.
- Move closer to your device or reduce interference from other electronics.

ICAD Holdings LLC

Company address:
458 Florida Grove Road
Perth Amboy, NJ, 08861 USA

FCC Compliance Statement
This device complies with Part 15 of the FCC Rules. The operation is subject to the following two conditions:

(1) This device may not cause harmful interference,
(2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and then on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a different outlet so that the equipment and receiver are on different branch circuits.
- Consult the dealer or an experienced radio/TV technician for help.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC ID: 2BRR7-GBTX200

LEGALITY & SAFETY

The device is not intended for use by people (including children) with reduced physical, sensory or mental capacity. People who have not read the manual, unless they have received an explanation from someone responsible for their safety, should not use this unit. Children should be monitored to ensure that they do not play with the device. The device should always be readily accessible. The device should not be exposed to water. No objects filled with liquids, such as vases, shall be placed on the device. Always leave a minimum distance of 10 cm around the unit to ensure sufficient ventilation. Open flame sources, such as candles, should not be placed on top of the device. The device is intended for use only in temperate climates. At full volume, prolonged listening may damage your hearing and cause temporary or permanent deafness, hearing drone, tinnitus, or hyperacusis. Listening at high volume is not recommended. One hour per day is not recommended either. Danger of explosion if battery is incorrectly replaced or not replaced by the same type or equivalent. The battery should not be exposed to excessive heat such as sunshine or fire. Different types of batteries, or new and used batteries, should not be mixed. The battery must be installed according to its polarity. If the battery is worn, it must be removed from the product. The battery must be disposed of safely. Always use collection bins to protect the environment. The battery can only be replaced by the maker of this product, the sales department, or a qualified person. Switch the device off where the use of the device is not allowed or where there is a risk of causing interference or danger - for example: on an aircraft, or near medical equipment, fuel, chemicals or blasting sites. Check the current laws and regulations regarding the use of this device in the areas where you drive. Do not handle the device when driving. Concentrate fully on driving. All wireless devices are susceptible to interference which may affect their performance. All our devices conform to international/national standards and regulations, and we aim to limit user exposure to electromagnetic fields. These standards and regulations were adopted after the completion of extensive scientific research. This research established no link between the use of the mobile headset and any adverse effects on health if the device is used in accordance with standard practices. Only qualified people are authorized to install or repair this product. Only use batteries, chargers and other accessories which are compatible with this equipment. Do not connect incompatible products. This equipment is not waterproof. Keep it dry. Keep your device in a safe place, out of the reach of young children. The device contains small parts which may present a choking hazard to kids.

WARRANTY AND REPAIR

All Gemini Sound products are designed and manufactured to the highest standards in the industry. With proper care and maintenance, your product will provide years of reliable service.

LIMITED WARRANTY

A. Gemini Sound guarantees its products to be free from defects in materials and workmanship for one (1) year from the original purchase date. Exceptions: Laser assemblies on CD Players, cartridges, and crossfaders are covered for 90 days.

B. This limited warranty does not cover damage or failure caused by abuse, misuse, abnormal use, faulty installation, improper maintenance or any repairs other than those provided by an authorized Gemini Sound Service Center.

C. There are no obligations of liability on the part of Gemini Sound for consequential damages arising out of or in connection with the use or performance of the product or other indirect damages with respect to loss of property, revenues, of profit, or costs of removal, installation, or reinstallation. All implied warranties for ICAD Holdings LLC, including implied warranties for fitness, are limited in duration to one (1) year from the original date of purchase, unless otherwise mandated by local statutes.

RETURN/REPAIR

A. In the U.S.A., please call our helpful Customer Service Representatives at (732) 346-0061, and they will be happy to give you a Return Authorization Number (RA#) and the address of an authorized service center closest to you.

B. After receiving an RA#, include a copy of the original sales receipt, with defective product and a description of the defect. Send by insured freight to: Gemini Sound and use the address provided by your customer service representative. Your RA# must be written on the outside of the package, or processing will be delayed indefinitely!

C. Service covered under warranty will be paid for by Gemini Sound and returned to you. For non-warrantied products, Gemini Sound will repair your unit after payment is received. Repair charges do not include return freight. Freight charges will be added to the repair charges.

D. On warranty service, you pay for shipping to ICAD Holdings LLC, we pay for return shipping within the continental United States. Alaska, Hawaii, Puerto Rico, Canada, Bahamas, and the Virgin Islands will be charged for freight.

E. Please allow 2-3 weeks for the return of your product.
Under normal circumstances your product will spend no more than 10 working days at Gemini Sound. We are not responsible for shipping times.

FUNCIONES

Experimente la libertad inalámbrica con los auriculares Bluetooth Gemini GBTX-200 Premium. Diseñados para escuchar todos los días, estos audífonos livianos brindan audio nítido, batería de larga duración y manejo de llamadas sin problemas. Con Bluetooth 5.4 y cancelación de ruido ambiental (ENC), disfrutarás de un sonido nítido ya sea que estés transmitiendo música o recibiendo llamadas mientras viajas. El diseño plegable y la entrada AUX los hacen perfectos para viajar, trabajar o escuchar de manera casual.

BATERÍA DE LARGA DURACIÓN

Disfruta de hasta 54 horas de reproducción inalámbrica con una sola carga, perfecta para viajar, trabajar y escuchar todo el día sin interrupciones.

CARGA RÁPIDA

¿Necesitas un impulso rápido? Solo 10 minutos de carga te brindan hasta 5 horas de reproducción para que nunca te quedes sin tu música.

ENC PARA LLAMADAS CLARAS

La cancelación de ruido ambiental garantiza que su voz se escuche claramente durante las llamadas, incluso en entornos ruidosos.

BLUETOOTH 5.4

Advanced Bluetooth 5.4 ofrece una conexión estable y de baja latencia con un alcance y una eficiencia energética mejorados.

OPCIÓN DE REPRODUCCIÓN CON CABLE

Cambie al modo con cable en cualquier momento con la entrada AUX de 3,5 mm integrada, ideal para dispositivos que no sean Bluetooth o para ahorrar batería.

Ya sea que esté viajando, trabajando o relajándose en casa, los auriculares Gemini GBTX-200 están diseñados para mantenerse al día con su estilo de vida. Con un elegante diseño plegable, controles intuitivos y opciones de reproducción versátiles, ofrecen la combinación perfecta de rendimiento y comodidad. Mantente conectado, sumérgete y disfruta de tu sonido, a tu manera.

DESCRIPCIÓN GENERAL

1. Indicador LED
    a. Rojo: Carga o batería baja
    b. Azul: Bluetooth conectado o emparejado
2. Puerto USB-C
    a. Para cargar los auriculares
3. Puerto de audio AUX
    a. Para escuchar con cable a través de un cable de audio de 3,5 mm
4. (–) Botón
    a. Pulsación corta: Reducir volumen
    b. Pulsación larga: Canción anterior
5. Botón de encendido / multifunción
    a. Mantenga presionado: Encendido / apagado
    b. Pulsación única: Reproducir/Pausar, Responder/Colgar llamada
    c. Doble clic (Bluetooth conectado): Llamar al número reciente
6. (+) Botón
    a. Pulsación corta: Aumentar volumen
    b. Pulsación larga: Siguiente canción
7. Micrófono
    a. Micrófono incorporado para llamadas y comandos de voz

INSTRUCCIONES

1. Emparejamiento Bluetooth
   - Encendido: Mantén pulsado el botón 5 hasta que se enciendan los auriculares.

   - Emparejamiento: En su dispositivo, busque y conéctese a "GBTX-200" en la configuración de Bluetooth.

2. Controles de música
   - Subir volumen:
     - Presione brevemente el botón "+" para aumentar el volumen.
     - Un clic para saltar a la siguiente pista.

   - Bajar volumen:
     - Presione brevemente el botón "–" para disminuir el volumen.
     - Un clic para volver a la pista anterior.

3. Controles de llamadas (modo manos libres)
   - Responder/Colgar llamada: Presione brevemente el botón Reproducir/Pausa.
   - Rechazar llamada: Un clic en el botón Reproducir/Pausar.
   - Volver a marcar el último número: haga doble clic en el botón Reproducir/Pausa cuando Bluetooth esté conectado.

SOLUCIÓN DE PROBLEMAS

Problema: Los auriculares no se encienden

- Asegúrese de que la batería esté cargada.
- Intente usar un cable USB tipo C y una fuente de carga diferentes.

Problema: Bluetooth no se conecta

- Asegúrese de que los auriculares estén en modo de emparejamiento (mantenga presionado el botón de encendido).
- Comprueba que Bluetooth esté habilitado en tu dispositivo.
- Elimina "GBTX-200" de la lista de emparejados de tu dispositivo e intenta volver a conectarte.

Problema: No hay sonido

- Confirme que el volumen está subido.
- Compruebe si los auriculares están conectados al dispositivo correcto.
- Intente cambiar entre Bluetooth y modo con cable.

Problema: Los botones no responden

- Reinicie los auriculares.

Problema: mala calidad de la llamada

- Asegúrese de que el micrófono no esté obstruido.
- Acércate a tu dispositivo o reduce la interferencia de otros dispositivos electrónicos.

Versión Bluetooth	5.4

   - Répondre/Raccrocher : Appuyez brièvement sur le bouton Lecture/Pause.
   - Rejeter l'appel : un clic sur le bouton Lecture/Pause.
   - Recomposer le dernier numéro : Double-cliquez sur le bouton Lecture/Pause lorsque Bluetooth est connecté.

DÉPANNAGE

Problème : le casque ne s'allume pas

- Assurez-vous que la batterie est chargée.
- Essayez d'utiliser un autre câble USB Type-C et une autre source de charge.

Problème : Bluetooth ne se connecte pas

- Assurez-vous que le casque est en mode d'appairage (appuyez longuement sur le bouton d'alimentation).
- Vérifiez que le Bluetooth est activé sur votre appareil.
- Supprimez « GBTX-200 » de la liste des appareils couplés et essayez de vous reconnecter.

Problème : Pas de son

- Vérifiez que le volume est élevé.
- Vérifiez si le casque est connecté au bon appareil.
- Essayez de basculer entre le mode Bluetooth et le mode filaire.

Problème : les boutons ne répondent pas

- Redémarrez le casque.

Problème : Mauvaise qualité d'appel

- Assurez-vous que le microphone n'est pas obstrué.
- Rapprochez-vous de votre appareil ou réduisez les interférences provenant d'autres appareils électroniques.
